Technical Design Specification for Offshore Platform

Document No.

CEP210090ER

Document Number	**CEP210090ER**
Document Title	**Technical Design Specification for Offshore Platform**
Revision	**1**
Security Classification	**CONFIDENTIAL**
Reason for Issue	**IFU**
Date	**15 January 2026**
Author	**J. Smith**
Checker	**A. Brown**
Approver	**M. Davis**

Document Information

Field	Value
Document Number	CEP210090ER
Document Title	Technical Design Specification for Offshore Platform
Revision No.	1
Security Classification	CONFIDENTIAL
Reason for Issue	IFU
Project	Offshore Platform Alpha
Client	Energy Corp International

Revision History

Rev	Date	Description	Author	Checker
1	10 Jan 2025	Initial issue for review	J. Smith	A. Brown
1	22 Aug 2025	Updated per client comments	J. Smith	A. Brown
1	15 Mar 2026	Approved for Construction	J. Smith	M. Davis

Distribution List

Copy No.	Recipient	Organisation	Doc Ref
1	Project Manager	Energy Corp	CEP210090ER
2	Lead Engineer	ACME Engineering	CEP210090ER
3	Safety Review	HSE Authority	CEP210090ER

1. SCOPE OF WORK

This document defines the technical design specification for the Offshore Platform Alpha project. All engineering deliverables shall comply with the requirements stated herein. Reference document number CEP210090ER at revision 1 applies to all subsystems.

The design shall account for environmental loading conditions as specified in the metocean data package. All structural calculations shall be performed in accordance with relevant codes and standards.

All drawings and specifications issued under this document reference (CEP210090ER) shall be subject to formal review and approval prior to release for construction.

DOCUMENT SUMMARY

Doc No:
CEP210090ER

Rev:
01

Class:
CONFIDENTIAL

Status:
IFU

Date: **15 January 2026**

2. APPLICABLE DOCUMENTS

[1] CEP210090ER — Technical Design Specification for Offshore Platform
[2] STD-001-2025 — Structural Design Standard
[3] ENV-042-2024 — Environmental Loading Criteria
[4] QAP-010-2026 — Quality Assurance Procedures

CONFIDENTIAL

Approved by	M. Davis	[Signed]	15/03/2026

NOTICE: This document (CEP210090ER, Revision 01) is classified as CONFIDENTIAL. Unauthorized reproduction or distribution is strictly prohibited. This document has been issued for the purpose of 'Approved for Construction' and supersedes all previous revisions.

TECHNICAL SUMMARY

Ref: CEP210090ER Issue: 01

This technical summary is issued under document reference CEP210090ER at revision 01. The design presented herein covers the structural analysis of the topsides module for the offshore platform.

CONFIDENTIAL

Document: CEP210090ER

Key Parameters

Parameter	Value	Reference
Document Ref	CEP210090ER	Cover sheet
Revision	1	Rev history
Classification	CONFIDENTIAL	Security policy
Design Life	25 years	Client spec
Water Depth	120m	Metocean report
